

CLEAN ENERGY PROGRAM FOR NEW BUILDINGS
BUILDING PERMIT CERTIFICATE OF COMPLIANCE

EFFECTIVE DATE: January 1, 2023

APPLICABLE PROJECTS: All New Residential Buildings and New Non-Residential Buildings

APPLICABLE CODES: 2022 CEnC, CEC, CBC, and SLOMC 1717

INSTRUCTIONS: The following sections shall be completed by the person with overall responsibility for the planning and design phases of the project. A copy of this completed sheet shall be included with the Energy Compliance Documentation in the design drawings (Title 24 Report). Sections A, B, and C must be completed to be considered valid.

Project Address: _____ **APN:** _____

A. ENERGY EFFICIENCY & ELECTRIFICATION: The project has selected has confirmed that the project complies with the All-Electric pathway or has indicated that the project is applying for an exemption.

ALL-ELECTRIC: The building is designed without the presence of natural gas and the following criteria:
 Building Design complies with the 2022 California Energy Code.

EXEMPTIONS: Please indicate below if an exception is applicable to your project and has been approved by the Community Development Director.

Technical Exemption

- Back-up power for Critical Facilities
- Process Loads in a Newly Constructed Manufacturing and Industrial Facility
- Commercial Kitchen Equipment in a Newly Constructed Eating and Drinking Establishment *(until 12/31/25)*.
- Water heating or space heating in a newly constructed attached Accessory Dwelling Unit in which new services are provided by systems from an existing mixed fuel building. *(until 12/31/25)*.
- A swimming pool that is provided as a public amenity *(until 12/31/25)*

Public Interest Exemption

- Minimally necessary and specifically tailored Natural Gas Infrastructure may be allowed in a building otherwise subject to the requirements of this chapter if the Community Development Director makes all of the findings outlined in SLOMC 8.11.060.

B. TITLE 24 CERTIFICATE OF COMPLIANCE: For the performance approach, provide Compliance Margin results meeting San Luis Obispo Energy Reach Code requirements. The data provided below must match the results indicated on the Title 24 Certificate of Compliance. Complete the section applicable to your project scope.

New Single-Family Residential, New Multifamily, New Nonresidential, New Hotel/Motel Buildings: Please confirm
 All-Electric: Proposed Design Building is not greater than the energy budget calculated for the Standard Design Building using CEC approved software.

C. VERIFICATION STATEMENT: As the project applicant I have completed this Certificate of Compliance and the information I have provided is correct. I agree to comply with applicable city and county ordinances and state laws relating to building construction and the Clean Energy Program requirements.
