^[1] The Los Osos Valley Road (LOVR) and Orcutt Area Specific Plan (OASP) Subarea Fees are additional "add-on" fees to the Citywide Transportation Impact Fees. See Council Agenda Reports dated 7-2-2019 and 10-16-2018.

^[2] There are no Orcutt Area Specific Plan (OASP) Subarea "add on" fees for non-residential uses, as these fees are captured within the residential land use fees. However, retail/service/office uses within the Orcutt Area Specific Plan are responsible for paying Citywide Transportation Impact Fees as well as Public Safety Impact fees (Police and Fire).

^[3] Citywide Base Transportation Impact Fees (excluding projects in OASP vested prior to 7/1/2018) are calculated on a square footage basis. LOVR Subarea Fees, Orcutt Specific Plan Subarea Fees, and Citywide Base Transportation Impact Fees for OASP projects vested before 7/1/2018 are calculated on a per unit basis, regardless of square footage.

^[4] Land uses that are not consistent with the typical traffic generating characteristics of the above listed residential and non-residential use types shall use the "Specialty" trip-based rates to calculate applicable transportation impact fees. Citywide Transportation Impact Fees for "Specialty" uses are calculated on a Average Daily Trip (ADT) basis, while LOVR and Orcutt Area Specific Plan Subarea "Specialty" fees are calculated based on PM peak hour trips. All fees shown are subject to an additional 1.75% administrative charge when special calculations are required.
