Downtown Encroachment Permit Restrictions for the Holiday Season

In order to maintain the downtown in a presentable fashion during the holiday season, the City will not issue excavation/sidewalk permits or parking meter bags, nor allow any new work (except for emergency repairs) in City streets or sidewalks in the downtown area from **mid November to early January**. This policy is per City Council Resolution 9487 (2003 Series).

The downtown is defined as the area within the Downtown Association boundary as indicated on the map below.
